Frequently Asked Questions

Can we bring our own alcohol to drink? Can we bring our own alcohol to be served? What about home brews?

No. Our liquor license requires that any alcohol on premises be purchased, supplied and served by our licensed and insured bar staff. So any alcohol you or your guests bring is prohibited by law.

If you would like a bottle of champagne or a few bottles of beer to enjoy while getting ready, they are included in our open bar and beer, wine and cider options. For a consumption bar, these must be prepaid. Any outside alcohol found on premise will be confiscated by our staff. The Farm House is private property and is not included in our liquor license. While in the Farm House, rental guests have no restrictions from our liquor license, but no alcohol is permitted to leave the rental property. *****Absolutely no outside alcohol allowed on farm property. All outside alcohol found will be confiscated. Please let your guests know you will be charged \$500 for any outside alcohol consumption.*****

Can I have shots at my wedding?

Your wedding day is an important, special day. We want you to celebrate and create wonderful memories. And we want to ensure that guests have fun responsibly. We do not allow shots to be served at your wedding.

Do I have to include adults who do not drink in my guest count?

Yes. All adult guests over 21 years of age must be included in your final bar guest count. Minors of 21 years of age or younger will not be included.

Do I get to choose which beers, wines or liquors in my bar?

With all our bar packages we offer an extensive stock of spirits and liquors; a selection of red and white wines; prosecco; a mix of domestic and local craft beers, and our artisanal cider on draught.

It is possible *for additional cost* to request one particular wine, one particular beer, or one particular liquor at the bar.

Any special-request beverage must be procured through a licensed Massachusetts distributor. Unfortunately this makes some wine or beer unavailable to us. Please note, we cannot guarantee getting a specific beer. Please provide 8 weeks advance notice for any special requests.

Are non-alcoholic beverages included in my bar?

Sodas and non-alcoholic drinks are included with our *Open Bar and Beer, Wine and Cider* bar packages. Guests will be charged for non-alcoholic drinks with *Cash Bar* and *Consumption Bar* packages. We have available a variety of sodas, juices, club soda, and tonic. We're happy to make mocktails - and will gladly design a delicious non-alcoholic signature drink.

Can we have a signature cocktail at our wedding?

Yes. They are included in the *Open Bar* option. We will work with you to create personalized cocktails to serve. With the *Beer, Wine and Cider* or the *Consumption Bar* options you can add two signature cocktails for a \$400 preparation fee, guests will be charged the cost of the drinks.

Do I have to rent my own glassware?

No, we have stemmed wine glasses, rocks glasses, beer glasses and champagne flutes that come with our bar services. Should you wish specialty glassware, we'll be happy to help you order from a local rental company.

I'd like to offer wine service with dinner. Is that possible?

Tablesides wine service can be a great way to host dinner service. Our bar staff would serve wine or our farm cider to guests during dinner. Due to Massachusetts state law, we cannot leave bottles on the table.
